### Product Description

**SMARTLUB V6150** is a low viscosity, colorless and odorless methyl ester. It possesses good wetting, anti-rusting and lubricity properties.

**SMARTLUB V6150** is recommended for use in severe operations of drilling, tapping and grinding; with treat rate 5-40%. Due to its low acid value and excellent oxidative stability, it can be used for blending with neat oils and water-based products to make up excellent cutting fluids with good finishing characteristics.
