

*Dropping Point Improver for Lithium 12-Hydroxystearate Grease*Typical Properties

Appearance	Clear, Colorless to Light Yellow Liquid
Odor	Mild
Density, lbs/gal	8.5
Flash Point C.O.C., °C (°F)	182 (360)
Flash Point C.O.C., °C (°F)	182 (360)
Acid Value, mgKOH/g	330 - 390
Solubility in Water	Slightly Dispersible

Product Description

FUNCTIONAL DP-200 is a high performance additive designed for simple Lithium 12-hydroxystearate soap greases. The additive works by increasing the three dimensional association of soap fibers in the grease making it more resistant to flow at elevated temperatures. **FUNCTIONAL DP-200** is very effective at treat levels of 0.3 to 0.5% in the grease. Significantly less than competitive products that require 1 to 5 %. And **DP-200** is practically odorless so that it does not impart an adverse odor to your final grease product.

COMPOSITION:

FUNCTIONAL DP-200 is proprietary and recommended for simple Lithium 12-hydroxystearate soap greases.

HANDLING:

FUNCTIONAL DP-200 is a skin and eye irritant, can cause burns, and should be handled with suitable personal protection preferably in a well-ventilated area. The product is a low viscosity liquid that does not require heating or cooling to transfer. The product should be stored indoors in a dry, cool area.

Applications

General Applications

Suggested Treat Rates, %wt

0.3 - 0.5

Print date: 30-08-25
